Ben,

Would you include Pam and I in the call? Pam will be stepping the role as our lead TASC point of contact.

Please let me know if you have any questions or comments.

Thanks,

Hi Freya,

Yes, we anticipate needing continued TASC support for the West Lake site. We had a call with SKEO this week and spoke a little bit about the TD expiring this month.

Do you have time for a call this week with Mary and I? What days/times work best for you?

Hi Ben.

The West Lake Landfill TASC period of support has run out (ended November 1, 2014). I'm checking in with you to find out what, if any, support will be needed through June 21, 2015 (or as far out as you currently know). We will continue to provide TASC support for West Lake, however, I need to issue another directive that details your support needs in the month/months ahead.

Thanks, Freya
